Salaries

"TSPPPA's career services team always goes above and beyond to help. I leave our sessions feeling like I can get any job and that I can do anything. Our Trachtenberg professors are just as great. The information that I've learned through the program has been so useful that I find myself going back to some of the assignments to help me with my work projects. Overall, I'm very grateful for the experience and thankful to all the GW staff for their support and encouragement."
